Mr. Dan Tangherlini
Acting Administrator
General Services Administration
One Constitution Square
1275 First Street, NE
Washington, DC 20417

Dear Mr. Tangherlini:

On behalf of the Federal Managers Association (FMA), I am writing to congratulate you on your nomination for the position of Administrator of the General Services Administration (GSA). Over the past year as Acting Administrator, you restored the American people's trust in GSA, and ensured that it is the archetype of efficiency within the federal government.

When you were appointed Acting Administrator, GSA was mired with wasteful spending and lack of oversight. Through your diligent work and strong leadership, GSA was able to overcome this black eye and now champions responsible federal spending. FMA truly appreciates your commitment to the General Services Administration, as well as the federal government and its employees.

This past March, FMA members were fortunate to hear your keynote address during our 75th annual National Convention and Training Seminar. Our members still talk of your inspiring words to seek out innovative methods to promote productivity within federal departments and agencies. We eagerly anticipate what you will accomplish as Administrator.

Congratulations again on your nomination. We look forward to continuing to work with you towards our mutual goal of promoting excellence in public service.

Sincerely yours,

Patricia J. Niehaus
National President
