

Craig Carter
Federal Managers Association
National President

It is a great honor to serve as National President of the Federal Managers Association. I have held various positions within my chapter and at the regional and national levels. I am blessed to get to work with a dedicated membership, the National Staff and Executive Board. I have no doubt in my mind that by working together within this organization we can accomplish great things.

In my professional life, I work at Norfolk Naval Shipyard (NNSY), in Portsmouth Virginia, as an Assistant Project Superintendent in the Nuclear Special Attention Section working on Naval Warships. I have worked for the Department of the Navy for thirty-five years and NNSY for the last twenty six. I am a Navy brat, my father retiring from the Navy after twenty-eight years of service, so the military has always been a part of my life.

I am married to my wife Jo Ann and we are the proud parents of two sons and six granddaughters. We enjoy concerts, movies and traveling. I have always been an athlete and a big sports fan. As I have matured, I now just mainly play golf and sit on the couch and watch all the other sports.

I will do my best as your National President to make a difference and help build our membership to previous levels as well as work with federal agencies on policies and standards for civil servants. I will also work and continue to build our relationships with our elected representatives, enabling us to perform the important work we do advocating for all federal workers and retirees. Stay safe and thank you for what you do for all current federal workers, retirees, the men and women of our armed services and the citizens of the United States.
