

FMA CHAPTER 19 NEWS

JUNE 2022
ISSUE 2022-3

April General Meeting Report: *Preparing for 2030 and Beyond*

April's Speaker was Chad Nakamoto (pictured on right), Code 900F, who spoke about the proposed Dry Dock 3 replacement project (proposed Dry Dock 5) and conceptual planning for the future. In addition to the new Dry Dock project – P-209, the Shipyard is considering the following: a waterfront production facility near Dry Dock 5 and other facilities along the waterfront. Construction for Dry Dock 5 will be challenging while keeping the fleet supported. Construction crews may ferry in via Ford Island and material staging could come from Waipio Peninsula. Our support may be needed in the exciting times to come. For additional information on the ongoing Environmental Impact Statement for Dry Dock 5 and the Waterfront Production Facility, please see: <https://www.pearlharbordrydockeis.org>

In this Issue:

- April General Membership Meeting Report
- Supervisor of the Quarter
- June General Mtg Speaker
- Adopt a Highway
- New members
- Upcoming Events & KOKUA PLEASE

Brede Cambra, Shop 51 Supervisor of the Quarter

Pictured at the far right is Brede Cambra of Shop 51 who was selected to be the Shipyard's 2nd Quarter Brendan Cravalho Supervisor of the Quarter. In addition to the excellence of his leadership, Brede was cited for his superb mentoring of team members and junior leaders. Tommy Miguel, who nominated him, also cited his dedication and devotion to ensure that injured Shipyarders were properly supported in their workers compensation. Congratulations Brede!

JUNE's Speaker: Kaipo Crowell, Retired NEPD Mgr
