The Federal Managers Association is the only professional association advocating for all federal managers, supervisors and executives. FMA is *your* advocate on Capitol Hill. Your pay, retirement benefits, and job are being targeted. We fight to protect what you have earned. We advocate for legislation that helps our members by meeting with decision makers, testifying before Congress, briefing legislators, crafting legislation, and mobilizing our members to fight for good government policies. FMA also assists its members with grassroots action and provides management and leadership training, helping you become a stronger leader and creating opportunities for advancement.
