These charts show the 2024 premiums weighted by the 2023 Enrollment. The percent increase is comparing the 2024 premiums to the 2023 premiums, weighted by the 2023 Enrollment. In 2024, if enrollees move to less expensive plans, the actual percent increase will be lower.

[&]quot;National Plans" include nation-wide open-to-all plans as well as association benefit plans
