

December 17, 2024

Dear Senator:

On behalf of the managers and supervisors currently serving our nation in the federal government and whose interests are represented by the Federal Managers Association (FMA), we urge you to vote in favor of the bipartisan Social Security Fairness Act when it comes up for a vote on the Senate floor this week.

FMA is proud to support this strongly bipartisan, bicameral legislation. Passed by nearly 75 percent of the House of Representatives and cosponsored by more than 60 percent of the Senate, this bill which would fully repeal the Government Pension Offset (GPO) and the Windfall Elimination Provision (WEP) is long overdue.

FMA has long pushed for the repeal of these odious provisions that callously reduce or eliminate Social Security benefits for millions of public servants and their beneficiaries. GPO/WEP repeal is needed to prevent the unjust withholding of nearly \$200 billion from these civil servants in the next ten years, and it is difficult to put into words the tragedy of the benefits that have been earned but kept from these public servants dating back to the 1980s. FMA supports this effort to restore the benefits millions of public servants have earned but have been denied.

We urge a “yes” vote when it is considered on the floor. Should you have any questions or concerns, please contact FMA’s Government Affairs Director Greg Stanford at gstanford@fedmanagers.org. Thank you for your consideration of our views.

Sincerely,

Craig Carter
National President
